A letter from our Executive Director, Lori Allen

# "Hope Lives Here"

Dear Supporters and Friends,

As we reflect on the past year at the Gulf Coast Children's Advocacy Center and Gulf Coast Sexual Assault Program, we are reminded that hope lives here. Despite facing record cuts in funding, we remained steadfast in our commitment to our mission of serving children and families affected by abuse and trauma. We are proud to share that despite these challenges, there were no operational cuts at our center.

The resilience of our team was truly remarkable as we rallied together to carry heavier caseloads and support each other in fulfilling our agency's mission. Despite the strain of increased demand and limited resources, our dedication to serving those in need remained unwavering.

Time and time again, we have witnessed the transformative power of our services. Testimonials from individuals who have received support from our center speak volumes about the impact we have made. Whether it was described as life-saving, a Godsend, or providing hope when it was needed most, these testimonials reinforce the importance of the work we do.

We are immensely proud to be part of this incredible team. Together, we have created a place where hope thrives and healing begins. Our collective efforts have made a tangible difference in the lives of countless children and families, providing them with the support and resources they need to navigate their journey toward healing and recovery.

As we move forward into the coming year, we remain committed to our mission and to serving our community with compassion, resilience, and unwavering dedication. With your continued support, we will continue to be a beacon of hope for those who need it most.

Thank you for your ongoing support and partnership in our mission.

# Mission

Gulf Coast Children's Advocacy Center protects and enhances the quality of life for victims of sexual abuse and child abuse in our community. We provide a trauma sensitive, specialized approach to assess, identify, treat, and ultimately prevent sexual assault and child abuse through the coordination of community resources.

Since March of 2000, the Gulf Coast Advocacy Center has transformed the lives of victims of child abuse and sexual violence by offering a refuge for victims and their families to cope with the terrible crimes of child abuse and sexual assault while reducing the fear of further trauma that disclosure and investigation often creates.

# Board of Directors

**Will Lark**  
President

**Angie Tatom**  
Vice President

**Denise Kelley**  
Secretary

**Scott Ervin**  
Treasurer

**Bubba McCants**
